## **Total 100 points possible!!**

### **1. CAMP SITE CLEANLINESS:**

Camp site should be free of all debris, no food left out, neat and organized.

### **2. CAMP SITE LAYOUT:**

Tents should be in a uniform arrangement (straight line, semi-circled, square, etc.). Camp fire should be a safe distance from tents (8-10 ft.). If you build a fire, you must remove the sod and replace the sod at the end of the camp, or build your fire off the ground.

### **3. TENT APPEARANCE:**

Tents should be set up properly. Make sure tents are tight and properly staked down.

### **4. INTERIOR TENT CONDITION:**

Inside of tent WILL BE CHECKED. Leave door flaps open so judges can look in without having to enter tent. Sleeping bags rolled up or laid out neatly (rolled up is best so they don't get walked on), clothes and personal items put away. Be clean and neat.

### **5. CAMP CRAFT:**

Items or equipment built to make camp site more efficient or just to make camp site look better.

### **6. IDENTIFICATION OF CAMP SITE:**

Have some type of sign or banner with name, unit #, etc. Also display your flags.

### **7. CAMP SAFETY:**

Make camp as safe as possible. First aid kit should be visible and easily accessible. Make sure things aren't left where it is easy to trip over. Practice fire safety.

### **8. PIONEER SPIRIT:**

Does your camp site have that rustic look and feel of the true camping spirit, or does it look like the ladies just moved out?

### **9. GENERAL APPEARANCE:**
