The Gathering Talent Showcase: Statement of Purpose and Objectives

- To recognize and involve Senior Adults who demonstrate talent, skill, and accomplishment in art, music, drama, and writing.
- To motivate Seniors to utilize their talents in worship and in the evangelism ministries of the church, consecrating their talents for the purpose of Christian witness.
- To provide evaluative data on performances which may serve as a guide for continued development of skills and talents for the glory of God.
- To promote personal proficiency and growth in spiritual development, academic improvement, performance of Christian music and drama, and proficiency in art and writing.
- To provide opportunities for Seniors to interact socially in Christian fellowship.
- To develop a sense of accomplishment, ministry and communication for Christ through their talents.

Levels of Competition

State/Regional Competition

The program on the state level will be directed by the state/regional director. If the director feels that competition prior to the National level is needed, he can initiate that competition for any category or categories he deems necessary. However, if a category is offered beyond the scope of categories in this guide, there will be no National competition for that category.

National Competition

The National Director shall arrange and supervise the National Talent Showcase.

Entry and Participation Requirements

Age 50 and above on the day National competition begins

A registered (paid) delegate for the entire Smoky Mountain Gathering
Talent Registration is above and beyond retreat registration paid by the state office.

A regular attendee of the Church of God

Can only represent the Church of God which he/she regularly attends.

State winners are to be officially entered in National competition by their state director

Each state can send a winner and runner-up to the National competition.

Participants may only enter a specific category once but may enter other categories in the same division or other divisions. (Example: Someone enters two poetry writings will only be allowed to submit one before competing at the state level. On the other hand, if someone enters one poetry and one short story this would be acceptable, because it is two different categories.)

This requirement is for all divisions.

State winners of the art and writing divisions must submit same piece, they cannot change to a different piece at National competition. Each entry of the art and writing division must be the original work and idea of the participant.

- ☐ Submissions must be the sole original work of the entrant, entirely created by human effort, without any AI assistance or generation.

Rating Categories Explained

Superior - 4.5 through 5.0

This rating represents the finest conceivable performance, worthy of distinction of being recognized as among the very best. While the adjudicator might find some minor points to criticize and make some helpful suggestions for further improvements, remarks would generally be complimentary for outstanding work.

Excellent - 3.5 through 4.4

This rating reflects an unusually worthy performance, but not one worthy of the highest rating due to minor defects. Yet, it is a performance of distinctive quality. The participant or group of participants with an excellent rating usually show the result of sound fundamental training, but the performance lacks the polish and finesse to qualify for a superior rating. It is relatively easy for an adjudicator to comment on such a performance because the weaknesses stand out clearly against a generally first-rate background and suggestions are usually focused on something specific and helpful.

Very Good - 2.5 through 3.4

This rating is awarded for a very good performance, but one that is not outstanding. The performance shows accomplishments and marked promise but is lacking in one or more essential qualities. The rating indicates much room for improvement in several of the fundamental items listed on the Adjudicator's scoring sheet. There would probably not be adequate space as well as time to record each separate error as it occurred. The participant would have some basically fine qualities, and there should be ample opportunities for the adjudicator to make suggestions for sound improvement in those fundamental factors in which the performance revealed weaknesses.

Additional Rating Categories

Good - 1.5 through 2.4

This rating describes a performance that shows some obvious weaknesses. These may simply reflect a lack of preparation time. This rating represents a performance which is generally weak and uncertain. There are numerous errors and the performance reveals basic weaknesses in most of the fundamental factors listed on the scoring sheet. The adjudicator will probably not devote much space to pointing out specific errors in the performance. Comments, however, will likely be encouraging and contain helpful suggestions for improvement.

Satisfactory - 1.0 through 1.4

This rating indicates a performance which reveals much room for improvement. It indicates a performance in which participants reveal almost a complete lack of preparedness and understanding. In some cases, this may be due to participants attempting to perform in a category which is far too advanced for their ability. In others it may be due to an accumulation of careless and bad performance habits, which only tend to become accentuated and more noticeable as the individual or group matures. The adjudicator will point out any commendable features and the basic weaknesses in the performance and will make suggestions for improvement. These comments should encourage the participants to work toward improvement so that they may qualify for a higher rating in the future.

Standards of Adjudication

What standard of performance may an adjudicator reasonably expect of a participant or group of participants? The following comments are-of necessity-highly generalized. It is not our purpose to set up arbitrary standards of performance, which must be achieved by all participants in order to receive certain ratings. Rather, each performance must be adjudicated individually and in the final analysis each adjudicator must decide what rating each performance deserves. Brief descriptions of the type of performance which might be awarded the respective ratings in competition were provided above. These descriptions are offered, not as an attempt to pre-adjudicate any performance, but merely in hope that they will provide background to assist the participant in understanding the adjudication process.

Explanation of Adjudication Process

Scoring the Participant

Each participant is evaluated according to certain specific factors listed on the score sheet in which we have included on each description. Example scoring sheets are Included at the end of this guide.

Tallying the Score

After the adjudication has been completed, the score, either physical or digital, are used to prepare an adjudicator's summary. On this summary, the score sheets from all the adjudicators for a particular participant are averaged together to determine the single rating for the participant with categorical breakdowns. The score will be converted Into the rating of each participant into a category.

Determining the Final Rating

The final decision on the rating to be earned by the participant is made by the panel of adjudicators. The prepared adjudicator's summary of each participant's performance, with the corresponding score sheets attached, is then returned to the adjudicators for a final analysis.

Final Deliberation

Since some relativism is involved in the scoring process, it is the privilege of the adjudicators to view the outcome and then alter any original scoring, if retrospection deems it necessary and feasible. The factor of relativism may cause one or more of the adjudicators unknowingly to become extreme in either direction. In fact, it is impossible to establish a proper median (i.e., an equal number of scores above and below the middle point of all the scores) until all participants have participated for the adjudicators. Hence, the provision for final deliberation assures the most accurate decision possible from the panel of adjudicators as a whole.

Determining the Final Winner

The participant with the highest score in any given category, after the adjudicators have completed their deliberation, is the winner of that particular category. In the case of numerical ties, the adjudicators will determine, through deliberation, which of the participants involved in the tie is to be the winner. The decision of the adjudicators is final and no explanation to anyone is needed to justify the decision.

Adjudicator's Evaluation to the Participant

There is space on each scoresheet for the adjudicator to write comments and suggestions to the participant or group of participants as a current evaluation of their performance and as a guide for their development in the future.

Within a few weeks after state/regional and National levels of competition, a copy of the comments and evaluations from each adjudicator to the talent participants will be emailed to the participants' state/regional office. The state/regional office will be responsible for providing the feedback to the participants. Through this procedure, the adjudicators have an opportunity to communicate any observations they wish to make concerning strengths, weaknesses, and areas that need attention. Potentially, this adds a learning experience to the Gathering Talent Showcase program.

Drama Division: Participation Requirements

Select a performance suitable for Senior Adult competition. Its content should be in harmony with Church of God teaching. It should have a Christian emphasis but does not have to be overly religious. Regarding dress, language, and action, it should adhere to Church of God standards.

Many drama pieces require permission and production rights in order to perform. It is the responsibility of the participant to secure performance privileges when not choosing an original selection.

Keep production values as simple as possible. No performing group will have a sufficient amount of time to erect elaborate sets. Seek simplicity.

Technical Requirements

- All performances must be limited to the area of the stage.
- Lighting will be limited to what is preset for the stage. Lighting cannot be turned on, turned off, or altered for performances.
- If scenery is used in a category not allowed, there will be a five-point reduction in the final score.
- The use of pyrotechnics will not be permitted.
- Costumes in categories where allowed are subject to standards of modesty upheld by the Church of God.

Drama Division: Performance Guidelines

- The participant will not be allowed to make any comments or introductions before the performance begins.
- Acting is not the only aspect of drama. Directing is very important for proper pacing and mood, but these will not be directly judged.
- If a mistake is made during the performance, such as a forgotten line or a missed cue, mistakes can often be covered by ad-libbing or improvising.
- All participants and audience members should respect theater etiquette.

Time Requirements and Penalties

Participants should strictly adhere to all stated time requirements. For performance exceeding the designated time requirements by 1-59 seconds, there will be a ½ point deduction. For performances exceeding time requirements by one minute plus, there will be a 1-point deduction per minute. All timing is the responsibility of the Head Adjudicator of each category.

All music used in drama competitions must be Christian or Classical. Music should be uploaded before the competition. It is strongly suggested that a backup copy of the music be brought with you to the competition. You will have it to use during practice, as well as having it in case of any musical malfunction during the competition.

Drama Division: Drama Categories

There are six categories of competition in the Senior Adult Talent Drama Division.

NOTE: All group sub-categories in Drama are divided into:

Small Groups (2-6 participants) and Large Groups (7 or more participants).

Listed below are the regulations and guidelines for each category. These parameters will enable all participants to initially stand on the same ground and will provide a basis for comparison.

Spoken Drama

The selection must come from a dramatic work either original or otherwise. It may be a cutting from a play, or a self-contained whole. Remember that suitability of selection is a part of the adjudication process.

The selection should be thoroughly familiar to the participant, memorized, and studied for dramatic performance.

This is a dramatic performance and should be executed as such. Do not merely recite lines, but interpret them honestly, in a manner suited to the stage.

No music is to be used in Spoken Drama categories.

Senior Adult Talent Drama Score Glossary

Ability of Actor

Does the performer have the skill or talent for acting?

Blocking

Which way a character is facing in relation to the audience. Another word for this is "staging." This includes not only how characters move from one place to another onstage, but also how characters interact with others on stage. For example, in a group skit, if the person speaking is blocked by someone not really involved in the scene at that moment, that is a bad use of blocking.

Characterization (believability of character)

Not only memorizing a script, but also acting out a character as if the scene is actually happening. Includes movement, body language, expression and voice control.

Concentration

The performer stays on task and in character for the entire performance.

Diction/Pronunciation/Articulation

Can the audience understand what is being communicated?

Drama Score Glossary (continued)

Effectiveness of Message

Does the message connect with the audience?

Facial Expressions & Body Movement

Does the performer's non-verbal communication match the mood of the moment as well as the verbal communication?

Intensity of Characterization

Does the performer totally immerse himself/herself into the character?

Pacing

Does the speed of the performer match the moment of the scene? For example, to demonstrate a scene that is depicting excitement, the performer may speak faster. If the scene is depicting caution or pain, the communicator may want to slow down the pace. It is important to process what form of pacing should be used so that the believability of the character is clearly developed and expresses the moment of the scene.

Tone/Projection

Voice control that is loud enough for the audience to hear, but with a dynamic that helps to clearly define the mood. The way a performer speaks can articulate the moment to make the scene more believable.

Volume

Can the audience hear you? Does your volume match the character and the mood of the moment?

Music Division Performance Requirements

Participation is limited to the performance of Christian music. All styles (bluegrass, classics and sacred) of Christian music carry the same weight with the adjudicators. Historically, sacred pieces are allowed even if they are stylistically for our setting, ie: classical. It is the quality of the performance that is judged. Christian music allows the competition to be more distinctive; it is directed toward the fulfillment of the objectives of the Senior Talent program.

Instrumental Solo - Non-Keyboard Category

Classification

- Strings-Bowed
- Strings-Plucked
- Woodwind
- Brass
- Percussion-Definite Pitch
- Percussion-Indefinite Pitch

Description

The instrumental solo-non-keyboard category includes six areas of participation: strings- bowed (violin, viola, cello, double bass, etc.), strings-plucked (acoustic or amplified guitar, banjo, mandolin, harp, lute, autoharp, etc.), woodwind (flute, harmonica, piccolo, clarinet, saxophone, oboe, English horn, bassoon, contrabassoon, melodica, etc.), brass (trumpet, coronet, French horn, tuba, sousaphone, baritone, euphonium, trombone, bass trombone, etc.), percussion-definite pitch (timpani, kettledrums, glockenspiel, orchestra bells, tubular bells, chimes, xylophone, marimba, steel drum etc.), and percussion-indefinite pitch (drums, acoustic or electric, cymbals, triangle, gong tam- tam, congos, tambourine, woodblocks, temple blocks, castanets, maracas, claves; any combination of indefinite pitch percussion instruments may be played by one player, etc.)

This category covers all instruments except those classified as keyboard. It must be stressed firmly that the adjudicators will rate the soloist's performance and not the accompanist's performance. If the accompaniment embodies a group of players, the soloist must clearly be the soloist and not simply part of the accompaniment or ensemble. The participant must perform on only one instrument. There is one exception to this ruling: A participant in the percussion-indefinite pitch area may perform any combination of the indefinite pitch percussion instruments. A participant in the percussion-definite pitch area must perform on only one instrument, with the exception of timpani.
